

GUIDE

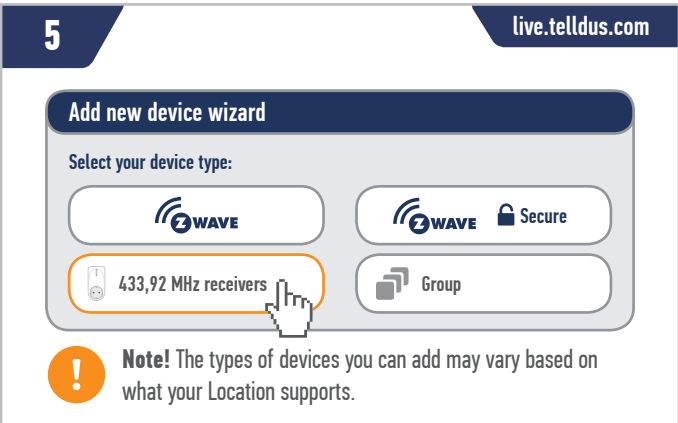

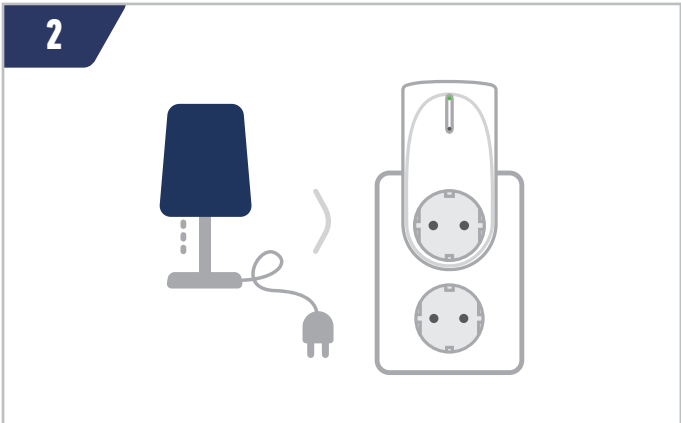

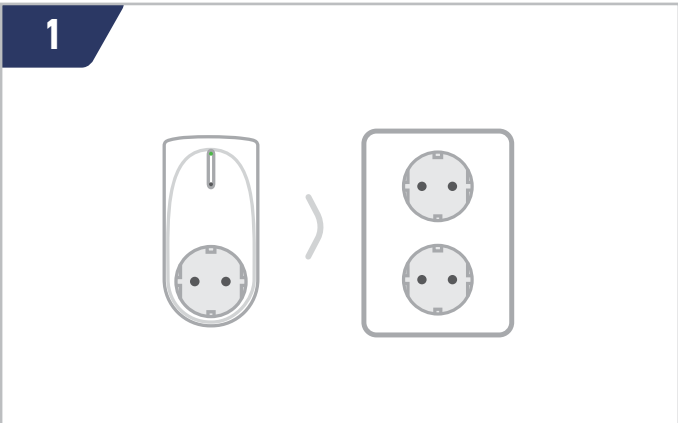

ADD A NEW 433,92 MHZ DEVICE

Usually one of the first things to do when starting to use Telldus Live! is to add a device. This guide covers 433,92 MHz devices and assumes that your Location is already set up.

LET'S GET STARTED!

YOU WILL NEED

-  WALL SOCKET RECEIVER
-  TELLDUS LIVE!

7 live.tellus.com

Add new device wizard

Select your device model:

 **Note!** This is an example. Choose the model of your receiver.

8 live.tellus.com

Add new device wizard

Enter name:

Name:

Next 

9 live.tellus.com

 Follow the instructions on the screen to set up your device. If you have a self learning receiver you have to put it in Learn mode and click the Learn button on the screen.

Done 

10 live.tellus.com

 **My Device**

Tip! When your device is set up you can automate it using the Scheduler and Events.
