# TELLDUS

ADD A NEW **Z-WAVE DEVICE**

Usually one of the first things to do when starting to use Telldus Live! is to add a device. This guide covers Z-Wave devices and assumes that your Location is already set up.

LET'S GET STARTED!

YOU WILL NEED

Z-WAVE WALL SOCKET RECEIVER

TELLSTICK ZNET LITE

1

2

---

3   live.telldus.com

live.telldus.com › Control Devices

---

4   live.telldus.com

Add new device wizard

Choose the location for your new device:

Home	Office
TellStick ZNet Lite	TellStick ZNet Lite

! **Note!** This step will only be shown if you have more than one Location installed on the same account.

---

5   live.telldus.com

Add new device wizard

Select your device type:

- ZWAVE
- ZWAVE 🔒 Secure
- 433,92 MHz receivers
- Group

! **Note!** The types of devices you can add may vary based on what your Location supports.

6

3x

! **Note!** You need to press 3 times on your Z-Wave device within 60 seconds for the device to be included.

TELLDUS 🏠

Add new device wizard

Choose a name for your device:

Name: My Device

Next

💡 **My Device**

Tip! Besides a wall socket receiver the procedure is the same for most other Z-Wave devices.
