Connect Google Home

telldus™

f facebook.com/telldus

◎ @telldus

With Telldus Live now being supported directly in Google Home you can connect your accounts to control your lights using voice commands to Google Home or Google Assistant. Here is a guide to show you how you set it up.

Let's get started

You will need:
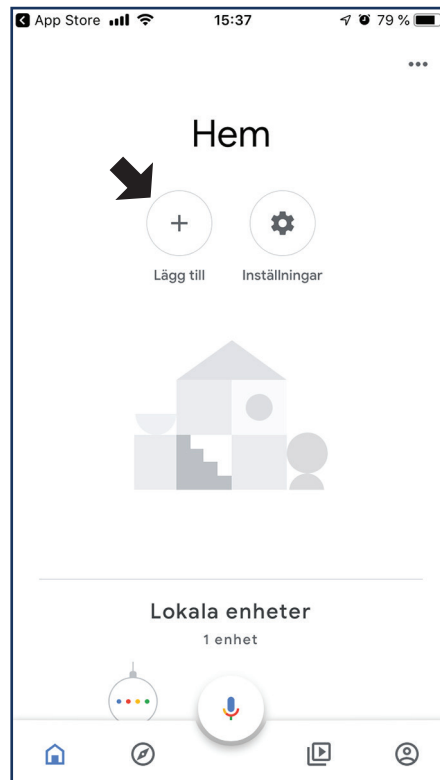

|	
TellStick Net/Znet	Google Home
Telldus Live	

1. Open the Google Home app

2. Click "Add"

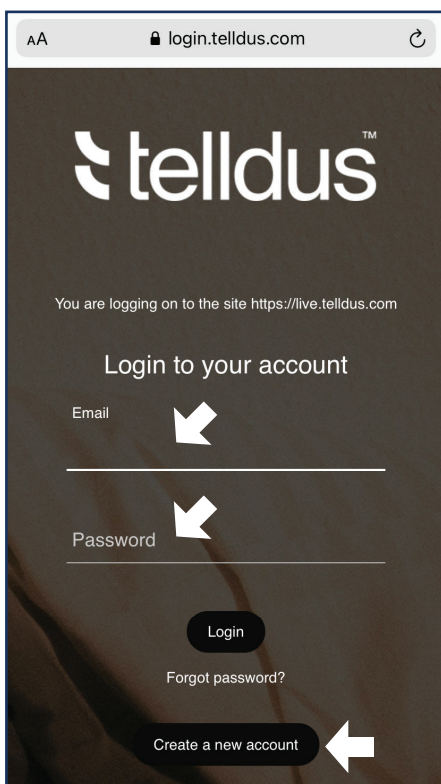

3. Click "Configure device"
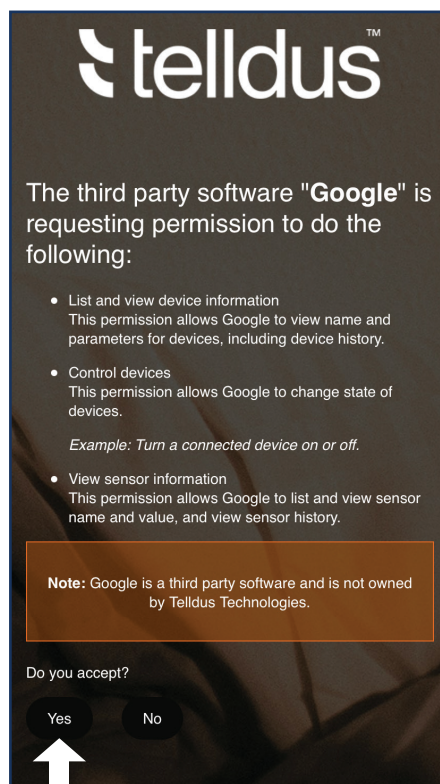

4. Click "Link services"

5. Search "Telldus"

6. Click "Telldus Live"

7. Log in to your
Telldus Live-account

8. Accept the sharing of
information with Google
