TELLDUS

GUIDE

TURN ON LIGHTS WHEN YOU GET HOME

Wouldn't it be nice if the lights were automatically turned on when you arrive home when it's dark outside? Avoid tripping over thresholds and carpets carrying groceries with this smart guide using Telldus Live! and IFTTT (If This Then That).

LET'S GET STARTED!

---

1 — ifttt.com

> ifttt.com

Sign up **Sign in**

! Log in or create a new IFTTT account. If you already have your Telldus Live! account connected to IFTTT you can skip to step 4.

---

2 — ifttt.com/telldus

> ifttt.com/telldus

Connect

---

3 — Telldus Live!

Log in/Accept IFTTT Connection

Do you accept?

Yes **No**

---

4 — ifttt.com

Turn on a device when you're coming home

---

5 — ifttt.com

Connect

---

6 — ifttt.com

📍 **You enter an area**

This Trigger fires every time you enter an area you specify.

Locate an area

Enter your address here

7 — ifttt.com

🏠 Turn on a device

Turn on a device that support switching on.

Which device?

> Entrance Lights ⌄

❗ Select the device you would like to be switched on when you arrive.

8 — ifttt.com

> **Save**

9 — App Store/Google Play

Download IFTTT app

> Download on the App Store

> ANDROID APP ON Google play

10 — IFTTT App

> IFTTT

Email address:
> your@email.com

Password:
> Your password

> **Sign in**

11 — IFTTT App

> **Allow "IFTTT" to access your location?**
>
> Only While Using the App
>
> **Always Allow**
>
> Don't Allow

❗ This must be allowed in order for the location feature to work. Procedure can vary based on what kind of device you are using.

EXPERT TIP!

If you want to control more than one device this way, you can create a dummy device that triggers an event in Telldus Live! instead. That allows you to control multiple devices, and also set conditions for these actions to be performed, like only within a certain time frame or specific days of the week.

UPGRADE TO **TELLDUS LIVE! PREMIUM**

To use IFTTT and take full advantage of the features in Telldus Live! you need to upgrade your account to **Premium Access**.
This allows you to send SMS messages and emails, access extended sensor history and use many other Premium features and benefits.
Read more and upgrade at **telld.us/premium**
